

PLATEN ASSEMBLY

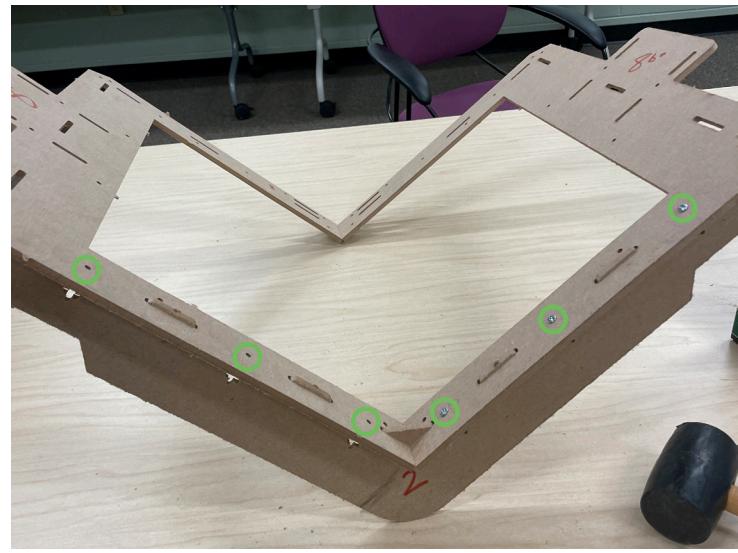

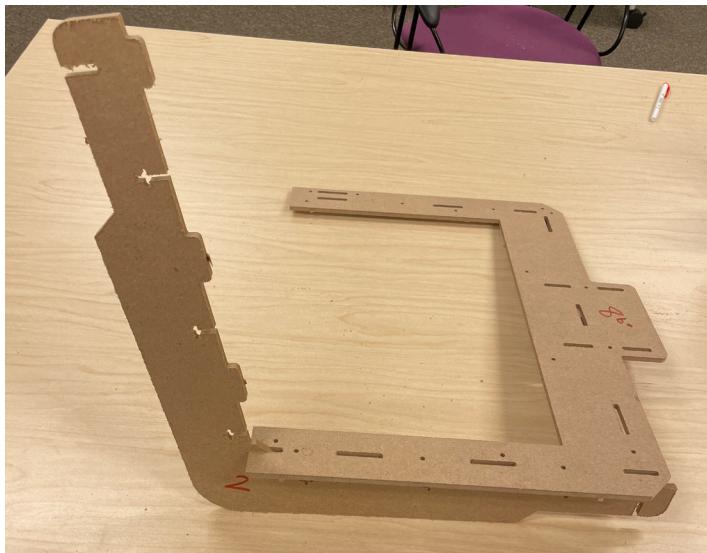

1. Lay out all pieces.

Piece Inventory (17 pieces total):

- 1
- 2
- 3a, 3b, 3c and 3d
- 4
- 5a and 5b
- 6a and 6b
- 7a and 7b
- 8a and 8b
- H Bumpers (2)

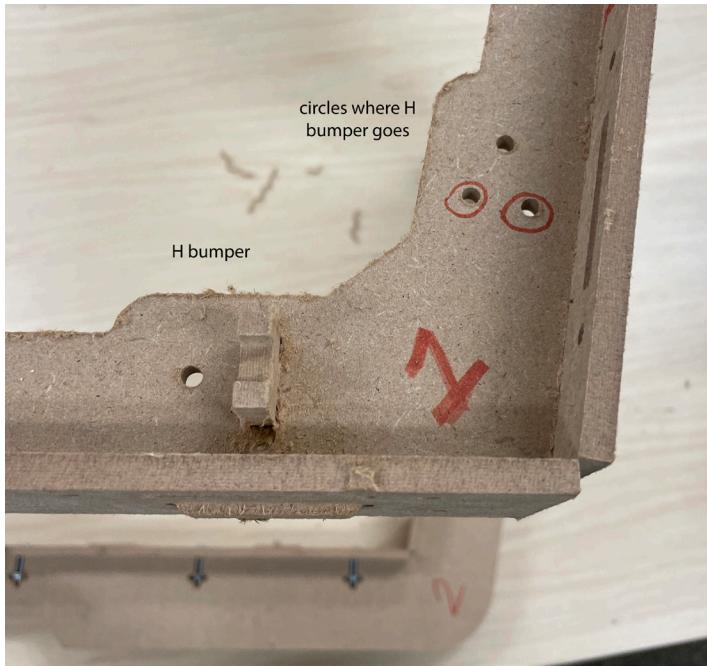

2. Attach 2 to 8a, and then to 8b. Screw in place.

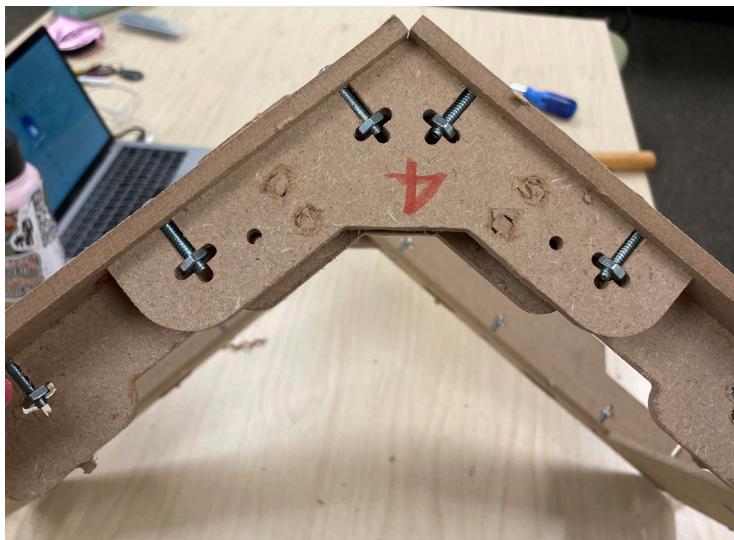

3. Attach 1 to 8a and 8b. Screw in place.

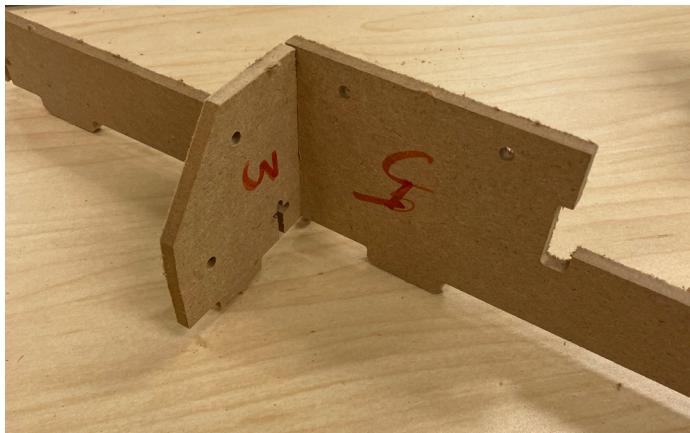

4. Attach the H Bumpers to piece 1, and piece 4 on top of that. Screw 1 and 4 in place.

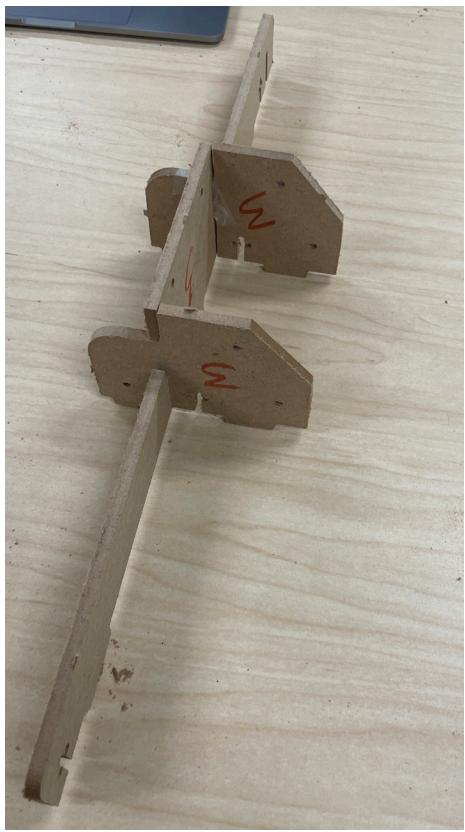

If the H bumpers are too wide to fit into the slots in 1 and 4, drill them wider.

5. Attach 3a and 3b to 5a. Attach 3c and 3d to 5b.

6. Attach that to 8a and 8b.

The platen attaches to the machine via the stageholders (pictured left)

All of the pieces labeled 3 on the platen will attach to 1a/b and 1c/d on the stageholder, pictured below.

Secure plexiglass in the platen between pieces 6a/b and 7a/b.
